Reflecting on a St. John's

- What's your favorite thing about St. John's?
- What should the congregation expect from itself for mutual well-being and collective success?
- What should the congregation pledge to doing as it begins a new life with a new pastor?
- How do you think St. John's is perceived by the community?
- What do you see as some of the bigger challenges in the present and future of St. John's?
- Ten years from now, what do you hope and pray to see St. John's be?
- What are two areas you feel must be changed at St. John's?
- What are two areas that definitely should not be changed?
- What is the best thing St. John's has done in the last five years?

Reflecting on our next Pastor

- What would be the biggest challenge for our next pastor?
- What do you want to achieve with our next pastor?
- Where do you want to go with our next pastor?
- What are your "non-negotiables" (e.g. "The next pastor is a practicing Christian.")?
- What are your "negotiables" (e.g. "The next pastor can be male or female")?
- What kind of leadership dynamic do you want to see between our next pastor and the congregation? Between the leadership/consistory team?
